Satan Is Ruling America

Americans have no idea what is going to happen to this great, free, and wonderful country. For centuries America has been blessed and prosperous. America, the land of the free and the home of the brave is changing right before our very eyes. Each decade America has gradually eroded its relationship with God. It has become the land of confusion, greed, corruption, political dishonesty, sexual immorality, murder, increasing lawlessness, and has lost its love for God.

Soon Christians will be hated, despised, and challenged to end all religious activities. The next challenge in America for the church will be that of homosexuals wanting to put an end to preaching the gospel of Christ. Preachers are going to be challenged for refusing to marrying homosexuals, and not embracing them as participants of the church. Why is all of this happening to our country? Simply because Satan is here and now focusing on changing America as a world leader into a one world order.

In order for a one world union to take place, the economy as the strength of a nation must collapse. America is in debt to nations around the world. Our currency has no great value anymore. America has collapsed and is ready for the new world order Satan is setting up. We are no longer the financial leader in banking, clothing, food, or the auto industry. We are the leader now in importing all our products. America is no longer in control of its industry, but has united with globalization. Our country is almost totally dependent on other nations for manufacturing, and borrowing money financially to build our economy.

Don't be fooled, there will never be enough jobs for people and our government knows it. America is going to explode in poverty and chaos because it will lose its freedom. Satan has already begun laying the foundation for

government control and rule. Christians must walk in the knowledge of God as the signs of the end times are revealed. Know that these signs mean preparation for the return of Christ. Many Christians won't adjust their lifestyles, nor do they believe Christ is preparing the church through these last days of wickedness. The sign will be the love of many will become cold. Evil minds and perversions will increase in our society. Pay close attention to how evil will increase and how it will be overlooked. Watch the death rates through murder and suicide. Hatred towards God and the desire to remove Him from the system of our country will escalate in the coming years. Satan has already formed atheist groups to challenge our judicial system to remove God from everything, the same way they got prayer out of the schools. Now look at the murderous attacks on schools with guns and gang violence and it is in our schools to stay. Children will face violence and it will get out of control because Satan wants to rule the educational system.

America is no longer made up of just black and white Americans. It has become a racially-mixed country. People from all over the world live here now with different beliefs and this has changed the culture of our nation. America has blended in with what has been created, globalization. America is now a part of a growing system, and that is one world order. Soon a new leader will arrive to lead the world. He will be called the Anti-Christ. Satan will create this leader and the world will love him until he changes on them with his evil ways (Revelation chapter 13).

My warning to all Christians is to watch and pray for the day of the Lord is nearing.
